

## BULLETIN

**TO:** ALL CLUBS  
**FROM:** Rick Gill, Executive Director  
**DATE:** 8 July 2015  
**SUBJECT:** Risk Management Workshops

---

Many clubs would have been contacted by Nathalie from the MWA office to arrange dates to visit your club to conduct risk management workshops.

These are being arranged progressively over the next year, at some point your club will be contacted.

Our new risk management framework is an easy to use tool that will allow our clubs to more easily and better manage all risks.

To support the development of our new risk framework, a number of supporting documents have been produced and these are available on the MWA website.

This part of the website is restricted by password. As visits are arranged your club will be given access, however for those clubs interested to be ahead of the game access can be arranged by simply emailing Nathalie [mail@motorcyclingwa.org.au](mailto:mail@motorcyclingwa.org.au).

I am looking forward to visiting your club over the coming months to discuss and implement this valuable tool.

RICK GILL  
EXECUTIVE DIRECTOR
