

BULLETIN

TO: ALL CLUBS

FROM: Rick Gill, Executive Director

DATE: 24 June 2015

SUBJECT: New Officials

We all know it is becoming more and more difficult to source new officials. One of the issues identified by Motorcycling Western Australia is the difficulty in convincing club members to take the step and complete an accreditation seminar.

Motorcycling Western Australia would like to assist you in convincing members of your club to attend training seminars, therefore ensuring new officials are available.

Simply let us know the name and contact details of members and volunteers you think might make good officials, the role you would like them to take up and let us do the rest.

We will write to your identified members, letting them know that your club has recommended them for training and we will issue an invitation to the next suitable course along with the information necessary to enrol.

This may motivate some members to make the necessary steps and complete their accreditation.

Please email names (with postal address) to rgill@motorcyclingwa.org.au and let us do the rest. We will let your club know which members complete the training nominated.
