**DATE:** 24 March 2015  
**SUBJECT:** JUNIOR LOG BOOKS

---

Recently some confusion has arisen as to whether junior coaching applies for the issue of One Event Competition Licences.

All the rules that apply for the issue or renewal of Annual Competition licences apply to the issue of One Event Competition licences

All junior riders **MUST** complete their annual competency, and have the coaching entered into their logbook before a One Event Competition licence can be issued. This competency **MUST** have been completed within the previous 12 months and on the capacity bike they will be riding.

If a junior rider does not have a log book with the required coaching hours they **MUST NOT** be permitted to ride. A Kick Start booklet is **NOT** the same as a logbook. If these are presented then the rider must not be allowed to ride.

Junior riders wishing to ride with One Day Competition licences can be issued a log book by MWA without an annual licence by simply completing the Kick Start coaching and indicating they require a log book only in their application to MWA.

The Motorcycling Western Australia office will issue the rider with a log book, stamped with the issue date in order that Race Secretaries can determine that coaching has been completed within 12 months.

As a reminder, coaching and log books do not apply to the issue of Mini, Recreation or One Event Recreation licences.
