

BULLETIN

TO: ALL CLUBS
FROM: Rick Gill, Executive Director
DATE: 16 September 2015
SUBJECT: Dogs at Venues

Rule 4.1.4 states that no dogs are permitted at MA events.

This rule means that there can be NO dogs (guide dogs excepted) anywhere at the venue, including the pit areas and any public and spectator areas. For off-road events and trial this does include the pit and public areas, and any spectator areas.

Dogs may not be brought into the venue at all, whether they are tied up or contained within a vehicle.

This rule is put in place primarily for rider safety and secondly for public safety. There cannot be any exceptions.

Please instruct gate staff in the first instance to refuse entry to any person with a dog attempting to gain entry to the event, and in the case of entry being made that the owner of the dog is instructed to take the dog from the venue immediately.

RICK GILL
