### **Election of Motorcycling Western Australia Sub-committees.**

*Adopted: Council meeting December 2005*

Membership to all Motorcycling Western Australia sub-committees shall be elected at the Annual General Meeting for a period of two years.

At the Annual General Meeting of January 2006, half the members shall be elected for a period of one year and half elected for a period of two years.

Should there be an unequal number of candidates, then the majority shall be elected for two years and the minority for one year.

Thereafter all members shall be elected at the Annual General Meeting for two years, unless resignations occur which would result in an uneven number of vacancies at a subsequent Annual General Meeting.

At subsequent Annual General Meetings, should resignations occur, to maintain an even ratio of sub-committee nominations to serving members each year, some or all positions will be elected for one year terms. The number of positions to be elected for a one year term will be those vacancies to satisfy half of the maximum elected sub-committee terms expiring in any one year.

Elections results shall be decided on the number of ballots cast for each candidate, with the candidates winning the most votes being elected for two year terms and the candidates with the least votes being elected for one year terms.

Vacancies may be filled by appointment from Management.
