BY LAW 10

USE OF TRANSPONDER SYSTEM

Adopted: February 2005

Amended:

1. PRIORITY OF EVENTS

1. Priority of events will be in the following order:
 - a. Senior State Title series events
 - b. Senior State Title one meeting events
 - c. Junior State Title series events
 - d. Junior State Title one meeting events
 - e. Senior Open events
 - f. Junior Open events
 - g. Club and Interclub events on a first come basis
 - h. All other events on a first come basis.
 - i. Training purposes
2. Management may over-ride this priority but must provide a sound rationale.

2. ALLOCATION OF EVENTS

1. No one discipline shall claim priority over another. In the case of conflict with allocating use through priority as per Section 1, Management will determine the allocation.
2. Management will determine the events where mandatory use of transponders is required. Clubs and Promoters must comply. Permits may be withdrawn for non-compliance. Management must give due consideration to the priority list in Section 1, the type of event, and the benefit to the sport in determining mandatory events.

3. TIMING PERSONNEL FOR TRANSPONDER SYSTEM

1. State title and series events must use timing personnel approved and accredited through MWA. Series events should use the same personnel for each event.
2. MWA must provide training for personnel wishing to operate the system.

4. COSTS AND CHARGES

1. Management will determine the charges for hire of the equipment and the remuneration of personnel.
2. Charges will be determined on a cost for the hire of the system either by unit charge per transponder required, or by a total system hire charge.
3. Users of the system are responsible for remitting payments to MWA within 5 days of an event (if by a unit required hire), or on application for hire (if by a total system hire charge).
4. Payment for personnel is additional to system hire charges and must be remitted on application.

5. SCORING

1. For events where transponders are used for scoring (except events where training is the principal reason for transponder use) the transponder results shall prevail.
 2. Adequate manual results shall be kept until:
 - a. Results are confirmed, and
 - b. A hardcopy has been produced.
 3. Manual scoring personnel will receive direction from the transponder scoring personnel.
 4. All results shall be uploaded to the MWA website within 48 hours wherever possible.
-
