

Motorcycling Australia Sign-On Process

Effective 16/09/2024

The following document outlines the Motorcycling Australia (MA) sign-on processes at MA sanctioned events.

There are three options available for sign on at MA sanctioned events.

1. Manual Sign-on
2. Digital Sign-on
3. Electronic Sign-on

One of the three (3) processes must be completed in full at every event by an individual, even if participating in a series.

Sign on procedures

Manual Sign-on

Note: Used for events run within/without RiderNet or with limited internet:

- Clearly display the MA Event Indemnity, which displays the event permit, in a location available for all to read.
- Clearly display the MA Event Indemnity, which displays the event permit, in front of each Race Secretary managing sign on in addition to the manual sign on sheet.
- Each rider/crew/entrant must present themselves and their licence, either a digital licence via the MA RiderNet app, or hard card licence. It must be legible, show name, licence type and expiry.
- The Race Secretary is to verbally ask that each individual has read the MA Indemnity, before asking them to sign next to their name on the manual sign on sheet.
- In the case of a minor, a parent or guardian must also read and acknowledge the MA Indemnity before signing on behalf of the minor on the manual sign on sheet.
- A minor is any individual under the age of 18, even if participating on a senior licence.
- The Race Secretary must verify that the rider has no suspensions preventing them from entering the event.
- The Race Secretary must verify that the rider has the necessary licence and endorsements to enter their nominated class and event.
- If using RiderNet, the Race Secretary may then check-in the rider/crew/entrant into the event on RiderNet by clicking the check in button next to the competitor's name.

Digital Sign-on
